AUTOMOTIVE SHORT COURSE

ADAS TRAINING

Autonomous driver assistance systems training

Course Duration: 2 full days

AURETR149 Apply Knowledge of ADAS Technology in Vehicle Pre-Repair Scans

This unit covers skills and knowledge required to apply knowledge and key features of autonomous driver assistance systems (ADAS) when undertaking a pre-repair scan of a vehicle. It involves identifying ADAS components, undertaking a diagnostic scan of the ADAS present to identify the damage for repair, and evaluating their own knowledge of ADAS, escalating tasks to external repairers.

Course fee

$ 500
