

BATTERY/ HYBRID VEHICLE TRAINING

Swann College offers Accredited skill sets covering the fundamental requirements for inspecting, servicing and repairing Hybrid and or Battery Electric vehicle systems and components.

The Automotive industry is going through a technology revolution with mounted pressure to reduce carbon emissions. Licensing is on its way, and you will be required to have the necessary Nationally Accredited Training and Qualifications to be able to work on these vehicles. Don't wait for licensing to come in, book in to Swann's accredited training now!

Enrolments Open
NOW!!
